Soft skills: Fast Learner, Problem Solving, AI-Assisted Development, Teamwork.

PROJECTS

BookHub — Online Book Delivery Platform [Live Link] | [Client Code] | [Server Code]

Overview: An online platform for discovering, purchasing, and tracking book deliveries.

- Implemented role-based auth, Stripe payments, backend search/filtering, and delivery workflows.
- Readers can discover books,purchase securely through Stripe, and track their orders from purchase to delivery.
- Admins can approve book listings, manage platform content and users, and oversee the complete website.

Tech Stacks: Next.js, Tailwind CSS, HeroUI, Better Auth, Stripe.js, Recharts, Express.js, MongoDB, JWT (JWKS).

Recipe Hut — AI-Powered Recipe & Cooking Platform [Live Link] | [GitHub Code]

Overview: An AI-powered platform for discovering recipes and getting personalized cooking assistance.

- Integrated Groq and Gemini AI agents with full-text search, recipe CRUD, authentication, nutrition visualization.
- Users can discover recipes, explore nutrition information and manage their own recipes.
- Users can get AI-powered cooking guidance, navigate to relevant recipes, and generate personalized recipes based on available ingredients.

Tech Stacks: Next.js (App Router), TypeScript, Tailwind CSS, Better Auth, MongoDB Atlas, GSAP, Recharts, Groq & Gemini APIs.

SpaceSync — Co-Working & Event Space Booking Platform [Live Link] | [Client Code] | [Server Code]

Overview: A platform for discovering, listing, and booking co-working and event spaces.

- Built typed role-based architecture with search, pagination, booking, auth, and analytics.
- Users can discover spaces through search and filtering, explore listings, and request bookings.
- Admins can review and approve space listings, manage platform activity, while hosts can manage their spaces and monitor booking performance.

Tech Stacks: Next.js 15, TypeScript, Tailwind CSS v4, Better Auth, GSAP, Recharts, Node.js, Express.js, MongoDB Atlas.

EDUCATION

HSC — Vunobir Dhasarat High School and College, 2023.

LANGUAGES

Bengali - Native, **English** - Intermediate, **Hindi** - Basic.
